Białystok, 21 August 2018

We remain so deeply moved by the information about Jagat Mata passing away.

To us, she was the source of support and one of the strong symbols of Kokamthan ashram. Solemn, silent and mighty, always immersed in the ocean of meditation. She was Mother to us, example of discipline, the person who without any limitation spread the incredible energy everybody could feel in Her presence. All Polish people related to Kokamthan ashram received the enormous potential, great support and infinite care offered to us by Jagat Mata. In our hearts we will always cherish the miraculous and blissful remembrance of Her Love. Her Might will remain with us forever.

It is with joy that we keep the memories of Jagat Mata's visit in Poland in 2009. We are happy we had the opportunity to host Jagat Mata in our country – the trace She left here is unforgettable and full of light. We feel the inexpressible gratitude that we could meet Her.

On behalf of all members of ATMA Association in Poland we pay the most heartfelt condolences to the Family, send the true love to them and join in memories of Her presence with us. With all our strength with support all those close to Her.

Forever will Jagat Mata remain in our memory and in our hearts - as Miraculous Light. Atma Malik.
